

Job Title: MARINE MECHANIC

Seeking an experienced marine mechanic with verifiable skills.

CSR Marine maintains a tradition of excellence and customer service. Customer service is our highest priority and our customers are very important to us. We have the most diverse, well-trained staff of employees in the Northwest. From electronics to fiberglass and everything in between, we are experts in every type of boat service.

Positions are full time, with medical/dental and Simple IRA. Salary DOE.

Essential Functions

- Must be able to lift 50lbs unassisted, and work in a high-noise environment.
- Perform service repair work on marine engines and drive systems using hand and power tools along with technical manuals
- Inspect, analyze and troubleshoot marine engines to identify problems or potential problems on gas and diesel engines
- Maintenance and repair duties may also address other marine systems

Basic Skills

- Experience in marine mechanical service and repair
- Strong attention to detail, self-directed, and organized
- Analytical, problem-solving abilities and competent technical skills
- Adaptability, willing to learn and be a team player
- Proactive approach to prevent injuries and equipment damage
- Solid manual dexterity and good hand-eye coordination
- Good written, verbal and interpersonal communication skills
- Basic computer literacy
- Professional attitude and appearance

Preferred Skills

- Factory certifications, ABYC certifications

It is the policy of CSR Marine to provide equal employment opportunity (EEO) to all persons regardless of age, color, national origin, citizenship status, physical or mental disability, race, religion, creed, gender, sex, sexual orientation, gender identity and/or expression, genetic information, marital status, status with regards to public assistance, veteran status, or any other characteristic protected by federal, state or local law. In addition, CSR Marine will provide reasonable accommodations for qualified individuals with disabilities.
